

Dear CEMBIO members,

As another productive and exciting semester concludes, I'm truly impressed by our achievements. Yet, the challenges ahead are equally inspiring. Experienced PhD students will explore opportunities abroad, and new fellows will join us. Thrilled about the upcoming EU projects — a doctoral network, a Twinning project, and the Malignant Hyperthermia project — I extend my heartfelt gratitude for your invaluable contributions to CEMBIO.

As the holidays approach, take time to relax and recharge. Return with renewed energy to seize exciting opportunities.

Happy holidays!!
